

## **A-Clip Announces Strategic Collaboration with Chiba University Hospital**

January 13, 2021

Dr Kazuo Suzuki

President & CEO

A-Clip Institute, Co., Ltd

A-Clip Institute, Co., Ltd is today pleased to announce an ongoing strategic collaboration with Chiba University Hospital to identify biomarkers relative to their recombinant IgG fragment VasSF using patient plasma/serum from patients with Vasculitis. This initiative is being supported by the Chiba City foundation. The results of this collaboration will provide significant impetus for further studies related to COVID-19-associated Vasculitis. Thus potentially fully rescuing patients with severe COVID-19.

CEO of A-Clip, Dr Kazuo Suzuki mentioned in a statement “This is a very exciting time as we feel we are close to providing a clear diagnostic route and remission for Vasculitis patients, and ultimately providing a groundbreaking treatment for patients with this devastating disease”
